GAMEPLAY GUIDE

- The aim of the game is hitting the targets.
- Press “space” to shoot.
- Press “Up” or “Down” keys to adjust the shooting angle.
- Press “Left” or “Right” keys to increase or decrease bullet speed.
- Press “r” to shoot again after the animation is finished.
- There is no limit for y-axis. The bullet may disappear from the screen but it will appear again because of the gravity.

NOTE: If you do not see all of the game environment, consider changing your screen display scale.
